

Mini model canoe plan from ORCA
www.orcadventures.co.uk

Print this page only

You will need some scissors and glue, Prit stick type is best.

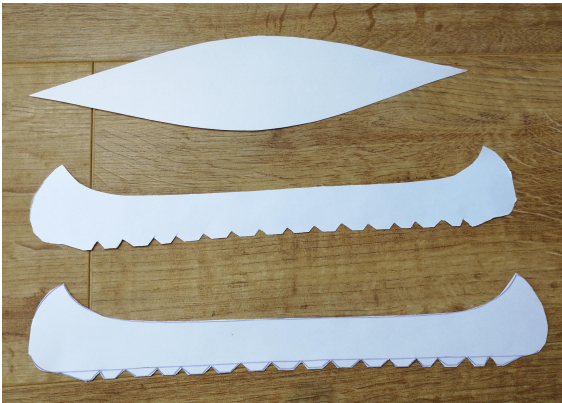

INSTRUCTIONS

1. Print off the plan for the canoe, use the thickest type paper you can use, but normal thin paper will do.
2. Optional colour in the sides of the canoe.
3. Cut out the canoe.
4. Fold the tabs at the base of the sides.
5. Glue along the edges of the of the bottom panel and stick on the each side. Then glue the ends together and pinch.

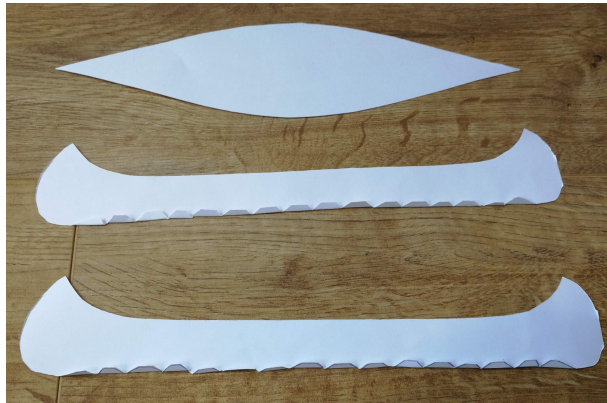

Thats it!

Be sure to post your completed canoe to our Facebook page to Instagram @orca_canoe_building #orcaminicanoe
